DECLARATION OF CONFLICTS OF INTEREST

Cr. Chandler declared a 'Conflict of Interest' with the following item:

- 13.1 – Injune C17 Locomotive Repair and Conservation
due to her holding the position of President for the Injune District Tourism Association, the applicant under Council's consideration in this matter.

Cr. Chandler foreshadowed that she would remove herself from discussions and decisions on this matter.

Cr. Chambers declared a 'Material Personal Interest' with the following item:

- C.23 – Overdue Rates – Commencement of Legal Action
due to her son being married to the daughter of one of the ratepayers listed in the report.

Cr. Chambers foreshadowed that she would remove herself from discussions and decisions on this matter.

Cr. McMullen declared a 'Conflict of Interest' with the following two (2) items:

- C.23 – Overdue Rates – Commencement of Legal Action
due to a family member being one of the ratepayers listed in the body of the report.
- C.26 – Update Sale of Land
due to his neighbour having been named in the body of the report.

Cr. McMullen foreshadowed that he would remove himself from discussions and decisions on these matters.

Cr. Stanford declared a 'Conflict of Interest' with the following item:

- LC.4 – Update on Flood Mitigation Landholder Matters (Assessment No. 14019137)
due to her having a close personal family association with the applicant under Council's consideration in this matter.

Cr. Stanford foreshadowed that she would remove herself from discussions and decisions on this matter.

Mayor Golder declared a 'Conflict of Interest' with the following three (3) items:

- LC.4 – Update of Flood Mitigation Landholder Matters – Assessment No. 14019137
- LC.5 – Update of Flood Mitigation Landholder Matters – Assessment No. 14019178
- LC.6 – Roma Flood Mitigation Stage 1 – Landholder Negotiations Assessment Number 14008387

due to his mother having a legal agreement with Maranoa Regional Council in relation to flood mitigation back in 2014, which has not been fully completed.

Mayor Golder foreshadowed that he would remove himself from discussions and decisions on the abovementioned items.

ON THE TABLE

There were no items for discussion on the table.

BUSINESS

CORPORATE, COMMUNITY & COMMERCIAL SERVICES

Item Number: 11.1 **File Number:** D19/37635

SUBJECT HEADING: CAT MANAGEMENT

Officer's Title: Manager - Community Services

Executive Summary:

Council is committed to encouraging and promoting responsible pet ownership within the Maranoa. Registration plays a critical part in this process. To enable Council to gain a better understanding of the number of domestic cats residing within the Maranoa, and to support responsible pet ownership, it was recommended that mandatory cat registration be introduced. This will align registration requirements for both dog and cat owners within the region.

To encourage cat owners to register their pet, it was recommended that:

- *registration be offered free of charge for the financial year 2019/20; and*
- *advisory notices only (no fines) be issued on detection of non-compliance from introduction to 30 June 2020;*

to provide ample time for the community to become aware of the change.

Resolution No. GM/06.2019/05

Moved Cr Newman

Seconded Cr Chandler

That Council:

- 1. Propose to make amendment to *Subordinate Local Law No. 2 (Animal Management) 2011* to include mandatory cat registration to support responsible pet ownership within the Maranoa.**
- 2. Implement a transition process that encourages cat owners to register their cat/s with:**

- registration to be free of charge for the financial year 2019/20.
- advisory notices only (no fines) to be issued on detection of non-compliance from introduction to 30 June 2020.

SUBJECT HEADING:

DEVELOPMENT APPLICATION FOR A MATERIAL CHANGE OF USE - "LOW IMPACT INDUSTRY", "OFFICE" AND "NON-RESIDENT WORKFORCE ACCOMODATION"

Location:

21 Currey Street, Roma (Lot 1 on RP81234)

Applicant:

Department of Environment and Science

Officer's Title:

Lead Town Planner

Executive Summary:

Queensland Parks and Wildlife Services (QPWS) – South West has submitted a development application for a “Low impact industry”, “Office” and “Non-resident workforce accommodation” at 21-39 Currey Street, Roma (Lot 1 on RP81234). The site was previously used by Santos LNG as a logistics hub and it is QPWS’s intention to re-purpose some of the existing buildings on the site to accommodate their activities. A new purpose built shed was also proposed as part of the application.

If approved, the application would allow QPWS South West to consolidate its administration and workshop operations in one location. Currently, their operations are located throughout the Roma Central Business District in several different locations. Approval of the application would also provide for intermittent short-term accommodation for up to five remotely located QPWS park rangers when they visit Roma for team meetings and training or when responding to emergency events.

The development application is subject to impact assessment and must be assessed against the assessment benchmarks (to the extent relevant) provided by Section 45 of the Planning Act 2016. The Development Assessment Rules set out the procedural requirements for the development assessment process.

Public notification about the application was carried out in accordance with Part 4 of the Development Assessment Rules and for a period of 15 business days between 3 May, 2019 and 27 May, 2019. There were no properly made submissions received during this period.

The procedural requirements set out by the Development Assessment Rules to enable Council to make a decision on this matter have been fulfilled. The development application is generally consistent with the assessment benchmarks provided by the Planning Act 2016 and any perceived conflict with the assessment benchmarks can be addressed by way of conditions of development approval.

Resolution No. GM/06.2019/18

Moved Cr Newman

Seconded Cr McMullen

That Council approve the application for a Material Change of Use for “Low impact industry”, “Office” and “Non-resident workforce accommodation” at 21-39 Currey Street, Roma (Lot 1 on RP81234), subject to the following conditions:

Preamble

- i. Refer to <http://www.cmdg.com.au/> for the Capricorn Municipal Development Guidelines (CMDG).
- ii. The relevant planning scheme for this development is the Maranoa Planning Scheme 2017. All references to the ‘Planning Scheme’ and ‘Planning Scheme Schedules’ within these conditions refer to the above Planning Scheme.
- iii. The land use rating category may change upon commencement of any newly approved use on the site. Council’s current Revenue Statement, which includes the minimum general rate levy for the approved use/s, can be viewed on the Council Website: www.maranoa.qld.gov.au.
- iv. All Aboriginal Cultural Heritage in Queensland is protected under the (*Aboriginal Cultural Heritage Act 2003*) and penalty provisions apply for any unauthorised harm. Under the legislation a person carrying out an activity must take all reasonable and practicable measures to ensure the activity does not harm Aboriginal Cultural Heritage. This applies whether or not such places are recorded in an official register and whether or not they are located in, on or under private land. The developer is responsible for implementing reasonable and practical measures to ensure the Cultural Heritage Duty of Care Guidelines are met and for obtaining any clearances required from the responsible entity.
- v. The *Environmental Protection Act 1994* states that a person must not carry out any activity that causes, or is likely to cause, environmental harm unless the person takes all reasonable and practicable measures to prevent or minimise the harm. Environmental harm includes environmental nuisance. In this regard, persons and entities involved in the operation of the approved works are to adhere to their ‘general environmental duty’ to minimise the risk of causing environmental harm to adjoining premises.
- vi. The developer is to pay all infrastructure charges levied for the approved development – refer to Attachment 5 – Adopted Infrastructure Charges Notice.
- vii. It is the responsibility of the developer to obtain all necessary permits and submit all necessary plans to the relevant authorities for the approved use.
- viii. In completing an assessment of the proposed development, Council has relied on the information submitted in support of the development application as true and correct. Any change to the operations on the site may require a new or changed development approval. It is recommended to contact Council for advice in the event of any potential change in circumstances.

Conditions applicable to the development of “Low Impact Industry” “Office” and Non-resident workforce accommodation”

Use

1. The approved development is a Material Change of Use – “Low impact industry”, “Office” and “Non-resident workforce accommodation” as defined in the Planning Scheme and as shown on the approved plans.

Note: This development approval and the approval conditions apply to the “Low impact industry”, “Office” and “Non-resident workforce accommodation” as shown on the approved plans. This approval does not apply to or authorise any other development on the site or the use of any other building/s.

2. Unless otherwise stated, the conditions of approval apply to all aspects of the approved development.

Compliance inspection

3. All conditions relating to the establishment of the approved development must be fulfilled prior to the approved use commencing, unless otherwise noted within these conditions.
4. Prior to the commencement of use, the applicant shall contact Council and arrange a development compliance inspection.

Approved plans and documents

5. All works and operations are to be carried out generally in accordance with the approved plans and specifications listed in the following table. Where approved plans are in conflict with the Assessment Manager’s conditions, the Assessment Manager’s conditions shall take precedence.

Plan/Document number	Plan/Document name	Date
	Site Layout and Parking and Manoeuvring Plan (as amended by Council)	
	Workshop Elevations	
	Accommodation Floor Plan	

Development works

6. The developer shall ensure that all works are carried out by appropriately qualified persons and the developer and the persons carrying out and supervising the work shall be responsible for all aspects of the works, including public and worker safety, and shall ensure adequate barricades, signage and other warning devices are in place at all times.
7. The developer is responsible for locating and protecting any Council and public utility services, infrastructure and assets that may be impacted on during construction of the development. Any damage to existing infrastructure (kerb, road pavement, existing underground assets, etc.) that is attributable to the progress of works on the site or vehicles associated with the development of the site shall be immediately rectified in accordance with the asset owners’ requirements and specifications and to the satisfaction of the asset owners’ representative(s).
8. Unless otherwise approved in writing by the Council, approved hours of construction are restricted to Monday – Saturday 6.30am to 6.30pm – noise permitted. Work or business which causes audible noise must not be conducted from or on the subject land outside the above times or on Sundays or Public Holidays.

Applicable standards

9. All works must comply with:
 - a. this development approval;
 - b. any relevant Acceptable Solutions of the applicable codes of the planning scheme for the area;
 - c. Council's standard designs for such work where such designs exist;
 - d. the Capricorn Municipal Development Guidelines; and
 - e. any relevant Australian Standard that applies to that type of work.

Despite the requirements of paragraphs a-e above, Council may agree in writing to an alternative specification. This alternative specification prevails over those specified in paragraphs a-e in the event of any inconsistency.

The developer must also ensure that any works do not conflict with any requirements imposed by any concurrent lawful requirements outside those stated above.

Access

10. Access to the site shall be provided from Currey Street in the location denoted as "Site Access" on approved plan Site Layout and Manoeuvring Plan (as amended by Council). Signage shall be erected at the access clearly identifying it as the approved access to the approved development.
11. The landowner shall be responsible for the maintenance of vehicle crossovers from the road carriageway to the property boundary. Should any damage be caused to Currey Street at the approved access location, it is the landowner's responsibility to ensure this is reinstated. Any repair works are to be undertaken in consultation with the Council and at the landowner's expense.
12. Vehicle crossovers must be designed and constructed to accommodate the maximum vehicle size accessing the site, ensuring no damage to the Currey Street roadway, kerb and channel.
13. Internal line marking, signage and/or other markings shall be installed throughout the site that clearly delineates the direction of vehicle travel internally within the site. Internal access routes shall be designed to cater for the largest types of vehicles accessing the site.

Parking and manoeuvring

14. All parking bay configurations (width and lengths) are to be in accordance with *AS/NZS 2890.1:2004 Parking Facilities Part 1: Off-Street Car Parking*.
15. Disabled car parking bays shall be designed in accordance with *AS/NZS 2890.1:1993 Parking Facilities Part 1: Off-Street Car Parking*.
16. Parking associated with the approved use must be contained within the development site area. No on-street parking is permitted at any time.
17. Vehicle access and manoeuvring areas are to comply with *AS/NZS 2890.1:2004 Parking facilities Part 1: Off-street car parking*.
18. Onsite service vehicle access and manoeuvring is to be designed in accordance with *AS/NZS 2890.2:2004 - Parking facilities Part 2: Off-street commercial vehicle facilities requirements*.

19. All access and manoeuvring areas used in the operation are to be sealed with an approved impervious surface. Surfacing shall consist of either reinforced concrete, concrete pavers, segmental clay pavers, asphaltic hotmix or two coat (primerseal/seal) bitumen seal.
20. All car parking areas shall be kept clear of any obstruction that would prevent the safe and efficient use of vehicles accessing the car park areas.

Landscaping and fencing

21. Additional landscaping elements and plantings must be provided internally within the site to enhance the visual amenity of the area and provide screening and buffering. Site landscaping is to include additional plantings within the established landscaping beds in front of the approved "Office". Landscaping treatments should assist in providing privacy, screening and separation between vehicle access ways, parking areas, refuse facilities and other built elements. Plant species shall include a mix of trees, shrubs and ground covers.
22. Planting densities and stock sizes at the time of planting are to be based on achieving full coverage of the planting area within two years. Landscaping must be irrigated to support the successful establishment of plantings.
23. Any dead or unhealthy plants must be promptly replaced throughout the life of the development.
24. Site landscaping must not interfere with electrical infrastructure nor restrict maintenance access to any onsite infrastructure, public utility or easement.
25. Landscaping must not interfere with site lines at intersections for traffic.
26. Landscaping shall not include any non-native pest species that pose a risk to ecological integrity.
27. Screen fencing is to be maintained along the development site boundaries adjoining residential land uses.

Avoiding nuisance

28. No nuisance is to be caused to adjoining properties and occupiers by the way of smoke, dust, rubbish, contaminant, stormwater discharge or siltation at any time.
29. Dust emanating as a result of operations carried out onsite must be continually monitored and suppressed in order to prevent any dust drifting onto road networks, nearby properties and sensitive land uses. The landowner/operator must implement a dust management plan for the site operations.
30. Lighting of the site, including any security lighting, shall be such that the lighting intensity does not exceed 8.0 lux at a distance of 1.5 metres from the site at any property boundary.
31. All lighting shall be directed or shielded so as to ensure that no glare directly affects nearby properties.
32. The area and its surrounds shall be kept in an orderly fashion, free of rubbish and clear of weeds and long grasses. The approved development and the premises are to be maintained in a clean and tidy condition and not to pose any health and safety risks to the community.

Advertising signage

33. Any proposed advertising signage is subject to a further development approval unless compliant with the self-assessable development provisions of the Planning Scheme, or other applicable planning instrument in force at the relevant time.
34. Any free standing advertising signage or structure to be constructed on the subject site shall be designed by an Registered Professional Engineer Queensland (RPEQ) (Structural) Engineer and certification provided for both design and construction.

Delivery of goods

35. The delivery of any goods to the development site are to occur between the hours of 7:00am and 6:00pm Monday to Friday and 8:00am to 5:00pm on Saturday. There shall be no deliveries on Sundays or public holidays.

Refuse storage

36. Bulk refuse storage and collection facilities must be centrally located within development site area. The bulk refuse storage area must be screened and retain reasonable standards of amenity. It must not be visually obtrusive when viewed from the street.
37. The bulk refuse storage area must be enclosed on a minimum of three sides with a screen wall extending 0.2 metres above the height of all refuse containers.
38. The bulk refuse storage must be located a minimum distance of 3.0 metres from the “Non-resident workforce accommodation”, including the sleeper units, recreation units and amenities unit.
39. At all times while the use continues, waste containers shall be provided on the site and maintained in a clean and tidy state and shall be emptied and the waste removed from the site on a regular basis. Convenient access to the bulk refuse storage area must be provided for service vehicles.

Stormwater and drainage

40. Stormwater run-off from roof and surface areas is to be collected internally within the site and directed to a lawful point of discharge, in accordance with CMDG – D5 Design Guidelines ‘Stormwater Drainage Design’.
41. Stormwater must not be allowed to pond on the property being developed, during the development process and after the development has been completed.
42. Post-development stormwater runoff flows from the development site are not to exceed pre-development stormwater runoff flows to adjoining properties or roads.
43. There must be no increases in any silt loads or contaminants in any overland flow from the property being developed during the development process and after the development has been completed.

Construction activities

44. During construction, soil erosion and sediment is managed in accordance with the Capricorn Municipal Design Guidelines D-7 ‘Erosion and Control and Stormwater Management’.
45. If there is a possibility of erosion or silt or other materials being washed off the property being developed during the development process, the developer must document and implement a management plan that prevents this from occurring.

46. Should it be necessary for the road and/or drainage system to be reinstated or cleaned up due to erosion and/or sedimentation from the site, then such works shall be at no cost to Council. Such works shall be undertaken immediately where there is a potential hazard to pedestrians and/or passing traffic.

47. All fill placed on the site is limited to that necessary to accommodate the approved use.

Note: An operational works application will be required to be submitted to and approved by Council for any cut and/or filling works that exceed 50m³.

48. Excavation or filling must be undertaken in accordance with the Capricorn Municipal Development Guidelines.

Services

49. The premises is to be connected to Council's reticulated water supply network and adequate amenities provided for all components of the approved development in accordance with the applicable Water Services Association of Australia (WSAA) publication and the CMDG Design Guidelines – D11 'Water Reticulation', at no cost to Council.

50. The premises is to be connected to Council's reticulated sewerage disposal system and adequate amenities provided for all components of the approved development in accordance with the applicable Sewerage Code of Australia and the CMDG Design Guidelines - D12 'Sewerage Reticulation', at no cost to Council.

51. If the approved use is connected to a telecommunication service, then such works shall be undertaken in accordance with the relevant service providers requirements and specifications along with relevant building standards requirements and specifications (as relevant).

52. The development must be connected to an electricity reticulation service in accordance with the relevant service provider's requirements and specifications along with relevant building standards, requirements and specifications (as relevant).

53. All services installation, including sewer, water, electricity and telecommunications connections to the respective networks, must comply with (i) the development approval conditions, (ii) any relevant provisions in the planning scheme for the area, (iii) Council's standard designs for such work where such designs exist (iv) the Capricorn Municipal Development Guidelines (CMDG) where it applies (v) any relevant Australian Standard that applies to that type of work and (vi) any alternative specifications that Council has agreed to in writing and which the developer must ensure do not conflict with any requirements imposed by any applicable laws and standards.

54. Any conflicts associated with proposed and existing services shall be forwarded by the developer to the appropriate controlling authority for approval for any proposed changes.

55. The site must have access to a reliable water supply for firefighting purposes.

No cost to Council

56. Services and infrastructure required in connection with the establishment of the approved development must be provided at the developer's cost.

57. The developer is responsible for meeting all costs associated with the approved development unless there is specific agreement by other parties, including the Council, to meeting those costs.

58. All rates and charges of any description and all arrears of such rates and charges, together with interest outstanding thereon, on the land, due to Council shall be paid prior to the commencement of use.

Latest version

59. Where another condition refers to a specific published standard, manual or guideline, including specifications, drawings, provisions and criteria within those documents, that condition shall be deemed as referring to the latest versions of those publications that are publicly available at the time the first operational works or compliance approval is lodged with the assessment manager or approval agency for those types of works to be performed or approved, unless a regulation or law requires otherwise.

Application documentation

60. It is the developer's responsibility to ensure that all entities associated with the Development Approval have a legible copy of the Decision Notice and the Approved Plans and the Approved Documents bearing 'Council Approval'

Council water infrastructure

Conditions specific to the "Low Impact Industry"

62. General hours of operation of the "Low Impact Industry" are restricted from 7:00am to 8:00pm Monday to Saturday. The approved use shall not be carried out on Sundays or public holidays.

The operator may apply to Council to vary the hours of operation for a particular event where the extended operating hours are necessary in the opinion of the Council having considered the requirements and community benefits of the particular event and the duration of the additional impacts upon the local community. Any decision to alter the operating hours may be subject to consultation with surrounding land owners.

63. Mechanical equipment and service areas shall be screened from residential land uses adjoining the site.
64. The washdown facility shall be contained solely within the area denoted as "Washdown Facility" on approved plan "Currey Street Proposed Expansion and Existing Infrastructure" prepared by Santos GLNG dated April 2016.
65. The wash-down facility shall be used solely for vehicles that are operationally related to the industrial business conducted on the site under the terms of this development approval.
66. All waste water associated with the washdown facility shall be collected on site and pumped by a qualified contractor. No waste water associated with the washdown facility shall be disposed of through Council's stormwater or sewer infrastructure without prior written approval from Council.
67. Operation/use of the washdown facility must not cause any ponding of water.
68. All stormwater from the proposed workshop shall be collected and discharged so as to:

- a. Protect the stability of buildings and the use of adjacent land;
- b. Prevent water-logging of nearby land;
- c. Protect and maintain environmental values; and
- d. Maintain access to reticulated infrastructure for maintenance and replacement purposes.

Conditions specific to the “Office”

69. General hours of operation of the “Office” are restricted from 7:00am to 8:00pm Monday to Saturday. The approved use shall not be carried out on Sundays or public holidays.

The operator may apply to Council to vary the hours of operation for a particular event where the extended operating hours are necessary in the opinion of the Council having considered the requirements and community benefits of the particular event and the duration of the additional impacts upon the local community. Any decision to alter the operating hours may be subject to consultation with surrounding land owners.

70. A minimum of 8 car parking spaces shall be provided on site for the exclusive use of the approved “Office”.
71. The allocated car parks shall be located generally within the area of the site denoted as “Office parking” on “Site Layout and Parking and manoeuvring plan” (as amended by Council) and shall be clearly delineated and signed for the exclusive use of the approved “Office”.

Conditions specific to the “Non-resident workforce accommodation”

72. The “Non-resident workforce accommodation” is for the exclusive use of direct employees of the Queensland Park and Wildlife Services (QPWS). Occupants are strictly restricted to:

- a. employees that are on-call and required to respond outside of standard business hours during emergency events; and
- b. employees who are ordinarily resident of QPWS facilities and/or accommodation located remote of Roma who are required to visit Roma for QPWS business; and
- c. the accommodation units must not be occupied by any other member of the public, including any guest, contractor or associate of QPWS employees.

73. The maximum number of people permitted to use/occupy the “Non-resident workforce accommodation” at any one time is strictly limited to 5 direct employees of the QPWS.

74. The “Non-resident workforce accommodation” must not be occupied by any one person for a period exceeding four consecutive days.

75. The operator of the “Non-resident workforce accommodation” is to maintain a record of the occupancy of the “Non-resident workforce accommodation” throughout the duration of the use.

76. Signage must be provided at the entrance to the approved “Non-resident workforce accommodation” area clearly displaying the following information;

- a. Owner of the site
- b. Manager of the site
- c. Specific rules for the area
- d. Map of the area
- e. Route for emergency vehicles
- f. Emergency contact phone number(s)

77. The design and construction of the “Non-resident workforce accommodation” is in accordance with MP 3.3 of the Queensland Development Code.
78. A minimum of 4 car parking spaces shall be provided on site for the exclusive use of the approved “Non-resident workforce accommodation”.
79. The allocated car parks shall be located generally within the area of the site denoted as “Non-resident workforce accommodation parking” on “Site Layout and Parking and manoeuvring plan” (as amended by Council) and shall be clearly delineated and signed for the exclusive use of the approved “Non-resident workforce accommodation”.
80. Non-resident workforce accommodation must incorporate measures for fire protection, including firefighting equipment and adequate water supplies, in accordance with the relevant legislation and standards.
81. If the non-resident workforce accommodation is connected to a telecommunication service, then such works shall be undertaken in accordance with the relevant service providers requirements and specifications along with relevant building standards requirements and specifications (as relevant).
82. The non-resident workforce accommodation must be connected to an electricity reticulation service in accordance with the relevant service provider’s requirements and specifications along with relevant building standards, requirements and specifications (as relevant).
83. Any alterations to the exterior of the “non-resident workforce accommodation” building shall include materials and surface finishes that are predominately within the colour range of the local landscape (e.g. earth brown, vegetation green) to blend with the surrounding environment. Materials and finishes must not include any reflective materials.
84. Refuse storage and collection facilities must be located in proximity to the “Non-resident workforce accommodation.” Refuse facilities must retain reasonable standards of amenity for occupants of the “Non-resident workforce accommodation” and surrounding properties and must not be visually obtrusive when viewed from the street.
85. All mechanical equipment (including air conditioners and the like) and rainwater tanks are to be screened so as not to be visible from adjoining residential properties.

SUBJECT HEADING: MUGGINS LANE BRIDGE CONDITION ASSESSMENT

Officer's Title: Deputy Director Infrastructure Services/Strategic Road Management

Executive Summary:

Council recently commissioned a Level 2 and 3 inspection to be completed on the timber bridge on Muggins Lane, Yuleba. The results of the inspection have been received which indicate that further deterioration to the bridge has occurred, therefore affecting its overall structural capacity.

This report provided a summary of the inspection findings and recommendation for the initial management of the bridge.

Resolution No. GM/06.2019/80

Moved Cr Chambers

Seconded Cr Newman

That Council:

1. Note that a recent Level 2 Inspection of the timber bridge on Muggins Lane has classified the bridge and a number of its critical components in an unsafe condition in accordance with the Transport and Main Roads Structures Inspection Manual;
2. In accordance with Section 69 of the *Local Government Act 2009*, note that another route is available for use by traffic, and therefore removes the Muggins Lane Bridge from service.
3. Immediately inform the resident directly affected of the inspection findings and subsequent closure of the Muggins Lane Bridge.
4. Prepare and circulate a media release advising residents of the changed traffic conditions associated with Muggins Lane.
5. Be presented with a subsequent report, within the next 2 months, detailing an options analysis for the current bridge – including permanent closure, full replacement, major rehabilitation and/or maintenance and the installation of a low level crossing at the current location.
