OFFICER REPORT

Meeting: Ordinary 24 April 2025

Date: 17 April 2025

Item Number: L.1

File Number: D25/40489

SUBJECT HEADING: 2025-2026 Council Fees and Charges

Classification: Open Access

Officer's Title: Director - Corporate Services

Executive Summary:

As part of Council's annual budget cycle, Fees and Charges are reviewed and adjusted and have been developed in consultation with officers, management and Councillors. The Fees and Charges are proposed to commence from 1 July 2025.

Officer's Recommendation:

That Council:

1. Adopt the Fees and Commercial Charges with a commencement date of 1 July 2025.
 2. Resolve that, in relation to those cost-recovery fees to which Section 97 of the *Local Government Act 2009* applies:
 - (i) the applicant is the person liable to pay these fees; and
 - (ii) the fee must be paid at or before the time the application is lodged.
 3. Delegate to the Chief Executive Officer the power to amend fees and charges to which section 262 (3) (c) of the *Local Government Act 2009* applies.
-

Individuals or Organisations to which the report applies:

Wider community

Context:

The *Local Government Act 2009*, section 97 provides that a local government may, under a local law or a resolution, fix a cost-recovery fee. Section 262 of the *Local Government Act 2009* also empowers a local government to charge for a service or facility, other than for which a cost recovery fee may be fixed.

Background:

The fees and charges have been reviewed and collated as part of the annual budget development cycle for the 2025-2026 financial year. Fees and charges are dependent on the type of goods or services provided, and are a mixture of both:

- commercial and cost recovery fees; and
- subsidised fees that are reflective of the inherent community service value of the goods and services provided so that charging a cost reflective fee would discourage such use or service.

Maranoa Regional Council compiles and publishes a fees and charges schedule each year that is a register of cost-recovery fees, service and facility fees and charges.

In general, the fees and charges have been adjusted in a range between the Consumer Price Index movement of 2.4% and 5%. Other variations occur based on rounding, benchmarking or are based on the cost to provide the service or facility.

The fees and charges are typically scheduled to be presented to Council prior to adoption of the annual budget to ensure that there is sufficient opportunity to communicate with stakeholders prior to the fees and charges being applied with an effective date of 1 July 2025.

Legislation, Local Laws, State Policies & Other Regulatory Requirements:

Local Government Act 2009

Environmental Protection Act 1994

Food Act 2006

Public Health (Infection Control for Personal Appearance Services) Act 2003

Planning Act 2016

Water Act 2002

Local Government Act 2009

98 Register of cost-recovery fees

(1) A local government must keep a register of its cost-recovery fees.

(2) The register must state the paragraph of section 97(2) under which the cost-recovery fee is fixed.

(3) Also, the register must state—

(a) for a cost-recovery fee under section 97(2)(a)—the provision of the Local Government Act under which the licence, permit, registration or other approval is issued or renewed; or

(b) for a cost-recovery fee under section 97(2)(c)—the provision of the Local Government Act under which the information is kept; or

(c) for a cost-recovery fee under section 97(2)(d)—the provision of the Local Government Act under which the property or animals are seized; or

(d) for a cost-recovery fee under section 97(2)(e)—the provision of the Building Act or the Plumbing and Drainage Act under which the responsibility is imposed.

(4) The public may inspect the register at the local government's public office.

Council Policies or Asset Management Plans:

N/A

Input into the Report & Recommendation:

Officers have provided their input and recommendation for fees and charges.

Funding Bodies:

N/A

This Financial Year's Budget:

N/A

Future Years' Budgets:

Revenue from fees and charges in the 2025-2026 draft budget will be based on the fees and charges detailed in the attached schedule.

Impact on Other Individuals or Interested Parties:

Wider community: any changes or increases to fees and charges.

Risks:

Risk	Description of likelihood & consequences
Council not recovering the full cost of providing fee related services	Likelihood: Certain Consequence: Without increase in fees will have negative effect on Council's operating results Mitigation: Consider the proposed fees and charges recommendation

Advice to Council:

That Council approve the updated Fees and Charges.

Recommendation:

That Council:

1. Adopt the Fees and Commercial Charges with a commencement date of 1 July 2025.
2. Resolve that, in relation to those cost-recovery fees to which Section 97 of the *Local Government Act 2009* applies:
 - (i) the applicant is the person liable to pay these fees; and
 - (ii) the fee must be paid at or before the time the application is lodged.
3. Delegate to the Chief Executive Officer the power to amend fees and charges to which section 262 (3) (c) of the *Local Government Act 2009* applies.

Does the recommendation suggest a decision contrary to an existing Council policy? If so, for what reason?

No

------	----------------------------------	------	-----	-----

Gas Tariff Charges - 3 Tariff Usage System

The minimum quarterly tariff for the supply of gas to consumers within the Roma reticulated natural gas network area is \$84.00 per quarter.

Reticulated Natural gas rebate – In addition to a State Government Rebate, a Council rebate of \$0.17 (including GST) per day applies to domestic gas customers who are currently a holder of a Queensland Government Pensioner concession card, a department of Veterans' Affairs Gold Card or a Queensland Seniors Card.

Industrial, Commercial, and other non-domestic customers can 'opt in' for monthly billing with a minimum tariff of \$28.00 per month.

Domestic - First 1000 MJ (Megajoule) per Quarter	First 1000 MJ (Megajoule) - \$0.085 Min. Fee incl. GST: \$84.00	First 1000 MJ (Megajoule)	Local Government Act 2009 S 262 (3)(c)	Y
